Lär känna Frieda

Frieda är född 2008 och kommer från Tyskland. Hon kommer i augusti 2024 och stannar under ett läsår. Intressen är bl. a flagg fotboll, körsång, bowling och simning. Hennes favoritämnen i skolan är engelska, musik och idrott.

Hej hej! Jag heter Frieda och jag är 15 år gammal. Jag kommer från tyskland och började lära mig svenska. My biggest dream since 2 years is doing an educational year in Sweden. I've been to sweden multiple times for vacation. There I fell in love with Sweden. The language sounds like music and the people are so nice. I realised I want to learn more about the culture and the people of Sweden. I am so gratefull that you will let me be a part of your family for 10 months. I live in a big city with my family. That are my 3 broders, my parents and our dog. My brother is 13 years old. His name is Hans and we visit the same school. I love playing games with him. We are in the same sports club. My brother Karl is 19 years old and will finish school next summer. He sometimes drives me to school with our car, wich I really enjoy. Normally I go by bike or take the train. My brother Konrad is 20 years old and works as an electrician. He moved out this spring. My dad Stefan is 46 years old and works as a computer scientist. My mom Stefanie is 48 years old and we learn swedish together. Our dog Bruno is 6 years old. I love teaching him new tricks.

On school days I get up at 6:30 am and school starts at 8:00 am. I am a student of a Gymnasium and part of the music class. My favourite subjects are music, english and sports. I love going to school because I meet friends there. Once a week I'm singing in the school choir. In my leasure time I tutor 2 third graders in English. Twice a week I coach kids from 6 to 10 in my American football club. I really enjoy coaching the kids and they love me and i love them. Since I turned 8 I joined the flag football team. Flag football is the contactless version of American football. I'm really good at that sport and like doing it. I would like to continue playing flag football but I am also open for new experiances in new sports. I am really athletic and like doing sports and meet friends there. My newest hobby is crocheting. I just started learning how to crochet and it's one of my favourite things to do in my leasure time. It calms me down and I like creating new stuff with just my hands, a hook and a little bit of yarn. My first project was a scarf, which looks like the swedish flag. I think it looks amazing. I also help in the household by doing the dishwasher and clean my room. I know how to use the washing mashine but I usually don't wash my own clothes. I'm a fast learner and I can adapt to things. My friends discribe me as a friendly and open person. I like meeting them but over all I am more of a calm person. I enjoy listening to music and podcast with my headphones in my room and I don't go to parties. I am so excited to meet you and think we are going to have a great time together. I would love to have host siblings or host pets. I am thankfull for your interest and will answer any of your questions. Best greetings from Germany

Your soon to be host daughter Frieda
