Dear future host family,

I would like to shortly introduce myself to you and also to say thank you that you give me the opportunity to do an exchange year in Sweden and to live with you. My name is Lia and I live in Germany with my parents, my sister and my two guinea pigs, called Coco and Peanut. In my free time I spend a lot of time with my family. But I also have some hobbies like playing Basketball in a club or playing Saxophone in my school band. Besides that I like to draw, read, listen to music, at the moment especially from english musicians or to bake. When I'm not doing any of my hobbies, I often meet my friends and we do funny things together like cooking, eat ice cream, go to the cinema or we just chill out a bit. I decided to do an exchange year because of an information evening in my school in 9 grade, where some students spoke about their exchange years and how it was. Since then I thought about also doing it. I want to go to Sweden because my family and I went there sometimes in holidays and I always liked it. I'm really excited about it all ready because I'd like to get to know the swedish culture and how you celebrate some solids like Santa Lucia or what food is populare and how you bake the perfect cinnamone rolls. If you like I also could show you some food, we eat in Germany. Of course I am also looking forward to find out what else you do in Sweden like which sports are populare or the music you're listening to and maybe to find new hobbies. I also would like to make new friends and collcet beautiful moments with them.

I'm really excited and thankful to spend my exchange year with you and collect a lot of new experiences together.

Yours,

Lia
