Hello Dear Host Family,

I am Marc a normal teenager but with a big dream. My dream is to visit as much countries as possible. And with this year abroad I want to fulfil my dream with more experiences. But before I am going to convince you why I am a good choice I want to tell you a bit of my life. I live with my parents, sister, grandma and my cat Timmy in a small village in Bavaria. We live in a house with a lot of space and a garden where we have a really good life together.

My parents both went to Germany and got a college degree. They were in the same class and started to know each other better and then in 2006 they got married. My father is an engineer at a big company. He loves to convert a piece of wood into sculptures like a lantern or he already built out of a guitar a lamp. In contrast to my father, my mother likes to be more quiet. She loves reading novels and painting. She works at a property management company. My sister is 10 years old and loves to craft soldering something. Since she was born, I protected her and played with her, so she has a good and peaceful life, without any danger. I also got a cat his name is Timmy and who loves doing nothing. He usually sleeps, eats and sits next to the heating and enjoys his view outside. Unfortunately for him he isn't allowed to go outside because he would otherwise freeze to death, that's because he is a Sphynx, a breed of cat that is born with only a small amount of hair.

I can fluently speak German, Russian and English. I have been learning French since the sixth grade and have recently started to learn Swedish, as I hope to be able to communicate with you in your language, so you have it easy with me.

I have many hobbies, those sum I have stop. I played ice hockey in a club for seven years. But stopped playing in 2022 because of new interests. I am very thankful to my parents for this experience because it is an very expensive hobby. I also made many friends with my teammates and won lots of medals from all the competitions I played. Overall, it was a good experience. I have also played the piano for 7 years and I love to swim. If possible, I would love to try out for a volleyball club during my time in Sweden.

Best Regards,

Marc
