Dear Host Family,

thank you for your interest in hosting an international student. My name is Max and I am from Slovakia. I am 16 years old and I played ice hockey for the vast majority of my life. Although I do not play anymore, sport is still my hobby, but music and guitar is what interests me the most now.

I am currently studying at a grammar school. I enjoy almost all of my subjects and I am fond of learning. I have few after school activities. I am part of a band where I play the guitar. Guitar is my passion even though I have been playing only for two years I absolutely love it. Additionally, I started playing the piano this year, there have been some ups and downs to it but nonetheless, I take pleasure in doing it. Besides playing guitar and piano I am also attending a private language school where nowadays we are striving to achieve C1 efficiency in the English language.

My parents are divorced and we have joint custody but I mainly stay with my mom. I sometimes help her out in the kitchen and we watch movies together with my brother or go on a walk. I visit my dad after school or on weekends. When I am visiting him, we play board games with my brother as well and we often do some other activities or sports. I have a nice relationship with both my parents and my brother.

I found out about studying abroad a long time ago but I only started researching a while back and I came across studying in Sweden. I am excited to see Sweden due to the fact that I have visited our family friends there during the summer and it was absolutely amazing. So this would be a great learning opportunity for me to explore the Swedish culture even more, experience how they live and how their school system works, what are the traditions, meet new people and of course learn the Swedish language. I can be shy at first but I warm up quickly to people. I am talkative, emphatic and I can play the guitar and make people laugh as well. I know how to cook a little and I can introduce you to our culture and teach you about our traditions, our cuisine, our country and a thousand more things.

I am looking forward to meeting you and thank you for welcoming me in your household.

Sincerely,

Max
