

"Sena has a keen interest in various fields and actively participates in extracurricular activities."

Lär känna Sena

Sena är född 2009 och kommer från Japan. Hon kommer i augusti 2025 och stannar under tre månader. Intressen är bl. a fotografering, konst, teckna/måla, musik (körsång) och friidrott. Hennes favoritämnen i skolan är bild, engelska och idrott.

Dear Host Family,

My name is Sena, and I am a high school student. I love nature and art, and it has been my dream to study abroad since I was a child. I'm especially interested in learning more about nature and Nordic art, as well as discovering different countries and cultures.

I live in the northern part of Chiba with my mother, father, and brother. My father is an airplane mechanic, my mother is a homemaker, and my brother is a university student.

At school, my favorite subjects are Art, English, and P.E. In Art class, I've studied painting, printmaking, and lettering, and I still really enjoy being creative.

I'm a member of both the art club and the photography club. I joined these clubs because I've loved taking pictures ever since I was little. Now, I enjoy taking photos with my friends both at school and in my free time. I especially enjoy photographing nature, and I hope to capture natural beauty not only in Japan but around the world. I want to share the value of nature and highlight the unique differences between countries. That's why I'm very excited to take many photos in Sweden—a country full of beautiful nature and one that's home to my favorite Scandinavian art. I hope to share what I learn and see with people in Japan and beyond. I'm also eager to learn more about Sweden's technology, history, and people's attitudes toward nature so I can deepen my understanding. I'm especially interested in experiencing things like subway artwork, posters, glassmaking, and Himmeli. Visiting museums to learn about the connection between Swedish art, history, and its people would be very exciting for me. Besides art, I also enjoy physical activities. I'm good at swimming, track and field, and skiing! Since I lived in Hokkaido when I was younger, I'm very comfortable in snowy environments. I also love spending time in nature and often go outside to take pictures. During my time in Sweden, I would love to introduce Japanese culture such as calligraphy and origami. I'd like to organize cultural events on holidays so people can experience Japanese festivals, watch anime together, and learn about traditional Japanese buildings, toys, and more. I would also like to volunteer and learn as much as I can about Swedish people, their environment, and their art. As a way to share Japan, I plan to give postcards featuring photos I've taken of beautiful Japanese places to the people I meet in Sweden. I'd also love to be helpful and supportive to those around me during my stay.

Thank you very much for taking the time to read my letter. I'm so excited to meet you all in Sweden. I believe this experience will help me grow by getting used to a new environment, meeting new friends, and broadening my values and perspective. This will be my first time studying abroad, and I will do my best to make a positive impression and support those around me. I'm truly looking forward to this experience and meeting you all.

Warm regards,

Sena
