Dear Kära värdfamilj,

jag heter Elin och jag är väldigt glad att du läser mitt brev. Jag är sexton år gammal och kommer från Tjeckien och Frankrike. Min mamma är tjeckisk och min pappa är fransk. Jag har en syster, hon är tjugo år gammal, hon heter Lea och hon studerar i Paris.

Jag kan tala 3 språk tjeckiska, franska och engelska. Jag lär mig svenska och spanska. Mitt favoritspråk är svenska. I have been learning Swedish for more than a year. I like the way Swedish sounds and learning it has been a personal goal for me. I would like to spend a semester in Sweden because it would allow me to practice the little Swedish I know, improve it and learn more about Swedish people, their history and culture.

Two years ago, I visited Öland on a school trip and I really loved it. We spent a week there including a day at a high school. Unfortunately, Öland is the only place I really got to visit so I would love to discover more beautiful places. When I came back home, I told my parents: "I want to move to Sweden and go to high school there!"

I live in a small village about 30 kilometers from Prague where I attend a high school. I take the train to school every day. My favorite subjects are biology, English and Czech. I take the schoolwork seriously, but I also enjoy having fun with my friends.

In my free time I like to read and listen to music. Music is always with me, whether I am doing chores, spending time with friends, or going to concerts. I enjoy discovering new types of music and sharing it with others. I also like trying new foods, learning new things, and exploring new places.

I'm an active person, I like traveling, spending time with my friends and family no matter if we are inside playing games and talking or outside doing some fun activities together. I often take part in organizing events or projects at school or with my friends. I enjoy teamwork but I can also work independently. I am always happy to join in on activities.

One of my favorite activities outside of school is dancing and creating choreographies with my friends from dance class. I have been dancing for 11 years in a dance school in my town. For the past 3 years my friends and I have created our own choreographies which we perform at the end of the school year in a theatre. I love this activity because I can be creative with my friends, spend time together, and share our work with our families.

I also really like animals. At home I have two cats, that I care for a lot. I like spending time with them and taking care of them. We also have a horse, and I am very fond of him too.

When you first meet me, I might seem a little shy but once I feel comfortable, I open up. My friends say I am a good listener. I like learning about people, hearing their stories and getting to know them better. I am patient and reliable and I always try my best to complete what I am asked to do.

I enjoy cooking and would be happy to help with meals. I look forward to learning how to prepare Swedish dishes, and I could also cook a traditional Czech meal for you.

Last school year, we hosted a Japanese exchange student for seven months. She became a part of our family and shared everything with us. Although we all had to make some compromises, we learned a lot from this experience and truly enjoyed it. We even visited her in Japan during summer holidays.

I am still not sure what I want to do in the future, but I hope that this exchange will help me discover my interests and gain more self-confidence.

I would be thrilled if you chose me as your host child and I look forward to sharing everyday life with you and making many wonderful memories together!

I hope to see you soon!

Warm regards,

Elin
